## Water Features

The data shown on this map are available on a cost of resources basis from WDNR, GIS Services Section. See the "GIS Datasaring" section. Visit <http://www.dnr.state.wi.us/org/at/et/geo/>. This data layer is included in DVGISLIB, a part of the DNRView extension to ArcView. DNRView makes it easier to use and share DNR geographic data. Trained Arc View users can obtain DNRView from the appropriate regional contact listed in the "GIS Datasaring" section.
